

The Prince of Wales Hotel

WINE CELLAR MENU

Chef Sommelier ~ Fred Gamula

The Niagara Peninsula Wine Region

The Niagara Peninsula has special climate and soil conditions which permit the growing of premium wine varieties. Climate is a key factor; a “Micro climate” is a small region sheltered from extreme climatic conditions which enables the grape to thrive. The Niagara region is a classic example. Here within an otherwise severe climate, exists a unique pocket of land which provides perfect conditions for grape growing. The Niagara Peninsula has the temperature-moderating influences of Lake Erie and Lake Ontario. The Niagara Escarpment acts as an ideal wind protection, sheltering the area from harsher weather conditions which the surrounding areas may receive. Rolling hills with soil comprised of sand-gravel-clay mixture provide optimal conditions, affording the vines greater sun exposure and improved natural drainage.

In 1988 Ontario introduced an appellation system known as Vintners Quality Alliance (V.Q.A.). This alliance was designed after careful study of those of France (A.O.C.), Germany (Q.M.P.), Italy (D.O.C.), and the United States (B.A.T.F.), to help give Ontario wineries worldwide respect and quality standards. Bottles are given a seal which stipulates a general D.V.A. (Designated Viticultural Area) or a more specific D.V.A.

“In vino veritas [In wine is truth].”

~ Plato

" I drink it when I'm happy and when I'm sad. Sometimes I drink it when I am alone. When I have company I consider it obligatory. I trifle with it when I'm not hungry and drink it when I am. Otherwise, I never touch it - unless if course I'm thirsty"
~ The Late Madame Lily Bollinger

Savour the best of 'old world' wine in 'new world' Niagara wine country. Chef Sommelier Fred Gamula unveils an exclusive selection from Bordeaux, France - many of which are not available anywhere else in Ontario. Bordeaux is the world renowned home of the Cabernet Sauvignon grape. This grape, traditionally blended in varying proportions with Cabernet Franc, Merlot, Petit Verdot and Malbec produces robust, intense wines full of dark fruit flavours that are long and elegant on the palate and capable of aging for many years.

WINE CELLAR MENU

Chef Sommelier ~ Fred Gamula

The Niagara Peninsula Wine Region

The Niagara Peninsula has special climate and soil conditions which permit the growing of premium wine varieties. Climate is a key factor; a “Micro climate” is a small region sheltered from extreme climatic conditions which enables the grape to thrive. The Niagara region is a classic example. Here within an otherwise severe climate, exists a unique pocket of land which provides perfect conditions for grape growing. The Niagara Peninsula has the temperature-moderating influences of Lake Erie and Lake Ontario. The Niagara Escarpment acts as an ideal wind protection, sheltering the area from harsher weather conditions which the surrounding areas may receive. Rolling hills with soil comprised of sand-gravel-clay mixture provide optimal conditions, affording the vines greater sun exposure and improved natural drainage.

In 1988 Ontario introduced an appellation system known as Vintners Quality Alliance (V.Q.A.). This alliance was designed after careful study of those of France (A.O.C.), Germany (Q.M.P.), Italy (D.O.C.), and the United States (B.A.T.F.), to help give Ontario wineries worldwide respect and quality standards. Bottles are given a seal which stipulates a general D.V.A. (Designated Viticultural Area) or a more specific D.V.A.

“In vino veritas [In wine is truth].”

~ Plato

Savour the best of 'old world' wine in 'new world' Niagara wine country. Chef Sommelier Fred Gamula unveils an exclusive selection from Bordeaux, France - many of which are not available anywhere else in Ontario. Bordeaux is the world renowned home of the Cabernet Sauvignon grape. This grape, traditionally blended in varying proportions with Cabernet Franc, Merlot, Petit Verdot and Malbec produces robust, intense wines full of dark fruit flavours that are long and elegant on the palate and capable of aging for many years.

FRANCE - Continued

~ BORDEAUX RIGHT BANK ~

On the right bank of the Gironde River, Merlot is the dominant player. Usually, Cabernet Franc and Cabernet Sauvignon are blended in, but in lesser proportions. Right bank wines usually drink earlier than left bank wines and are typically more silky in texture.

"I COOK WITH WINE, SOMETIMES I EVEN ADD IT TO THE FOOD"

~ W.C. Fields

FRANCE - Continued

~ LOIRE ~

Cabernet Franc is the star here. These wines offer silky smooth characteristics with a certain herbaceousness that makes them an interesting alternative.

Chinon "Cuvée Terrior" 2009 (0)	Charles Joquet	\$75.00
Chinon "La Baronnie Madeleine" 2005 (0)	Couly-Dutheil	\$60.00

~ SOUTHWEST ~

Formerly known mostly for inconsistent table wines, this region is gaining more and more notoriety as the overall quality has considerably improved. The combination of Syrah, Grenache, Carignan and Mourvedre grapes, unique terroir and modern viticultural practices are resulting in exceptional wines that offer great quality and value.
